Dear Shakro

I just wanted to send you a quick letter to thank you for the great work you did on redesigning and hosting our website. The improvements are tremendous. We were really amazed with all the things you could do with a website and really appreciate your input and ideas. It has turned out better than we could have imagined it. The whole process was easy; we just told you what we wanted and you made it happen. You even added things you thought would improve the look and feel of the sight, and it turned out great. You went the extra mile for our company, thank you!

Sincerely,

Joseph Stanford, Owner
